| Afternoon | Class 1:00- 5:00 | Primary care practicum** | Clinical Skills Workshop | Class 1:00- 5:00 | Class 1:00- 5:00 |

Class time: Class delivery methods will vary by block and at times within a block. All blocks will have a predominantly active learning approach, with expectations of student preparedness for class discussions. Students will have four hours per day of class, with most being active learning or laboratories and no more than one hour of lecture. All courses will have a final examination and periodic assessments. Some exams and some limited short learning experiences may be scheduled outside of normal class hours. Block objectives and core content for which students will be held accountable on exams will be the same across all WWAMI sites and exams will have the same questions and format. Timing of exams may vary slightly across sites.

****Primary care Practicum:** See attached description. Students will work in the same primary care physician's office for a substantial part of the foundations phase. Students will spend Tuesday afternoons in a primary care office.

Clinical Skills Workshop: See attached description. Students will complete their clinical skills workshops on campus except for some field trips. These will be held in the afternoon or evening on Wednesdays.

***Hospital Tutorial:** See attached description. Students will be assigned to a faculty mentor and small group of students with whom they will work throughout the Foundations Phase. The class will be divided into two groups, with half of students completing their Hospital tutorial morning on Tuesdays and the other half completing their Hospital tutorials on Thursday mornings.
